THE STORYLINE

SPRING GARDEN FUN

You and your friends are helping refresh your school's garden for the 100th anniversary celebration occurring next week. As more students show up to help garden, the tool selection is running low.

You offer to go get the extra tools in the garden shed behind the school. You sigh when you see the old shed. It really needs to be replaced. You enter the garden shed and begin to search for the bucket of extra tools.

Suddenly a strong wind blows around the shed, and slams the door shut. FINALLY, you find the tools and go to open the shed door. It is jammed shut! No worries, you will text a friend to get a teacher to help open the door. Wait! You left your cellphone in the garden at the front of the school. I guess you just have to wait for someone to come find you.
