THE STORYLINE

EARTH DAY ADVENTURES

You and your friends are helping your school celebrate Earth Day by planning out a full day of activities. This will help your fellow students learn about the environment. One of the activities is to help create an outdoor classroom. Your friends ask you to go get the tree stump stools from the storage shed. You find the stools, load them up on the cart and suddenly, you find the door jammed shut. It must have slammed on your way in. Solve the next 10 challenges to hopefully find a way back to your friends.
