THE STORYLINE

ST. PATRICK'S DAY CELEBRATION

You and your friends are volunteering at a local elementary school to help with their annual St. Patrick's Day celebration.

You are decorating the school gym with green decorations when you notice you have run out of tape. You ask your friends if they have any, and they have run out, too. You spent a lot of time here as a student, so you go to the main office to look for tape in the supply cupboard. You find the supply cupboard and open the door. It is an old, heavy door that needs to be propped open or it locks. You prop the door open with a photocopy paper box, but it is not heavy enough, and the door closes while you are looking for the tape. Solve the challenges to get out of the supply closet.

While you are stuck in the closet, you find an old iPad and research your dream vacation. You wonder how much it will cost to visit all these different places. Your vacation starts in San Francisco, and then you make your way to Vancouver. After a few days, you want to visit Toronto. You have always wanted to visit Dublin, so that's your next stop. Followed by London and Paris. Your final destination is Dubai before travelling home.
