

Responsible Sourcing Policy for Signatrol Ltd

About The Company

Signatrol Ltd. (The Company) is an electronics company based in Tewkesbury, UK that specialises in the design and manufacture of electronic instruments, in particular data loggers.

Management Responsibilities

The Company is committed to procuring components for use in its products from companies that are legally established and who trade in compliance with any applicable legislation in the country where it is based.

Wherever possible, all materials purchased shall be of a sustainable nature.

Packaging

The Company is committed wherever possible to sourcing all packaging materials from reputable sources that warrant the sustainability of their products.

Supply chain management and information

The Company will ensure that information about suppliers and sources of material is collected and evaluated to enable effective risk assessment.

Social responsibility

We are committed to avoid engaging in or benefitting from controversial business practices, such as, but not limited to:

- Any form of forced labour
- Forced prison labour
- Slavery
- Servitude
- Human trafficking.
- The use of child labour.
- Discrimination on the basis of race, colour, sex, language, religion, political or other opinion, caste, national or social origin, property, birth, union affiliation, sexual

orientation, health status, family responsibilities, age, and disability or other distinguishing characteristics.

- Unsafe or unhealthy working environments, including, but not limited to, risk from fire, noise, accidents and toxic substances. Adequate health and safety policies and procedures must be established and followed by all companies in our supply chains.

If we become aware that any of these issues are relevant in our organisation or any of our suppliers, The Company is committed to taking relevant steps to mitigate the situation.

Continuous improvement

We hereby commit to continuously improve the sustainability level of our sourcing by avoiding sourcing from unknown or unsustainable sources.
