

SMS Alarm

Model: S270

SMS Alarm to send SMS alerts to up to 10 phones

- This is a 4G compatible small sized SMS alarm unit.
- Up to 10 phones can be sent an SMS when any of the inputs are activated.
- Alarm levels can be set for the Analog inputs (or they can be used as another 2 contact inputs).
- Inbuilt rechargeable battery provides power fail protection and the package comes with a mains power pack.
- The unit will also power up from 9 to 36 VDC supply for mobile applications.
- Includes an aerial and USB cable, the package is complete.
- Suitable for all Australian phone networks. (our supplied SIM is on OPTUS)
- This unit also can use the GSM network to log the alarms to a cloud server for history if needed.
- Free setup before shipment if you supply details (form available)
