4WD INTERIORS

PRODUCT CATALOGUE

STORAGE SOLUTIONS FOR OFFROAD, TRAVEL AND ADVENTURE

ABOUT US

4WD Interiors focuses on providing reliable accessories to meet the needs of 4x4 Off Road , Travel or Work. With high standards in place. 4WD Interiors has been providing quality products for over 40 years.

In **1978** , whilst working in the outback Pilbara and Kimberley regions of Australia, founder of 4WD Interiors, Gary Plant realised that he didn't have easy access to his gear in his 40 series SWB landcruiser, and there wasn't anything suitable on the market. So he designed a dash shelf for "the odd can

of beverage" & other small items. Next came a Top Shelf for the CB radio, books & maps, and an overhead for sleeping gear, towels, jackets etc. After Gary started making them for all his mates too, he registered a business, and sold his products by word of mouth.

And 4WD Interiors was born.

After moving to Cairns, the range of accessories expanded to include Door Pockets, Floor Consoles, Roof Consoles, & Wheel Arch Storage Boxes with False Floors in the back. In **1988**, Gary designed the first ever Roller Drawer System in Australia. This premium quality drawer system took the 4WD industry by storm and is still one of our company's largest selling items.

In **1995**, 4WD Interiors moved to their current location in Portsmith, Cairns. This office still provides an important element, concentrating on our R & D, installation, warranty, technical support & spare parts.

In **2022**, we expanded to include our facility in Melbourne, to handle the majority of our distribution & quality control. Quality control is a very important aspect of our business, and we pride ourselves on our premium product and service.

WHAT WE OFFER

Our customers require gear that lasts and equipment that delivers. That is why 4WD Interiors should be your Number One choice for storage.

WHY CHOOSE US

- 1** A range of quality, reliable accessories designed and built to withstand the harsh Australian conditions.
- 2** Technical Support and Warranty Service you can depend on.
- 3** Online ordering system.
- 4** Australia-wide delivery available through a large network of freight handling companies.

DUAL DRAWER SYSTEMS

**AWARD
WINNING
AUSTRALIAN
DESIGN**

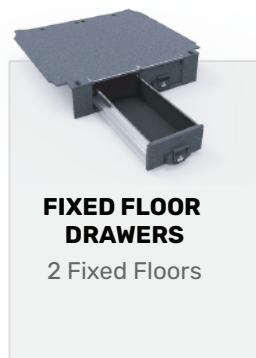

DURABLE AND RELIABLE

4WD Interiors Drawer Systems have been a durable and reliable component of the 4WD industry for over 30 years.

Our drawer system was first produced for off road use in 1989. In 1990, 4x4 Australia featured the new drawer system in their

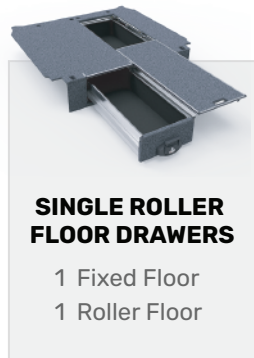

magazine and gave it the product endorsement rarely given.

In 1993, 4x4 Australia awarded 4WD Interiors the prestigious honour of Best Aftermarket product over \$900
