## Master Tea Taster Selections

The SAN-CHA Story has been built around a passion for aromas, flavor & a commitment to quality that dates to its founding year: 1981. The brand's philosophy is deep entrenched in the passion for excellence pursued by its founder & Master Tea Taster- Sanjay Kapur.

The SANCHA selections represent teas & blends that are painstakingly selected & curated by professionals from amongst thousands of batches of teas produced in India.

Offering over 90 varieties of teas that include the revered Single Estate selections & our award-winning blends of Indian varietals micro batch blended with natural spices, herbs & fresh flowers.

Digging deep into an extensive knowledge base of years of research has helped us understand soil, climate, terroir & rainfall and this helps strengthen our forte of identifying geographies & estates that produce exotic aromas which fall in the realms of being grassy, woody, floral, spicy & muscatel.
