

LIBERTY

PRODUCT SPECIFICATIONS

PRODUCT DESCRIPTION:

This high-quality CNC-machined 6061 aluminum anodized Liberty Path light is the best solution for more traditional landscape and architectural design plans. Our Unweatherable finish converts 6061 Aluminum into an indestructible shell, providing corrosion resistance and scratch proofing against even the most extreme environments. This path light is suitable for all GY6 Bi-Pin lamps to provide long lasting energy efficient lighting accents with different kelvin temperatures available.
