

WHAT AM I?

For 2 or more players.

One person picks a card and chooses an object off the list, one they think will stump the other players.

The other players must then ask questions to find out what that object is. The first question posed will always be 'Is it Animal, Vegetable or Mineral?'

The players then go round in turn asking questions to find out the object.

These must be phrased so that only the answer Yes or No can be given, e.g. 'Is it smaller than an egg?' 'Is it a person?' etc. Occasionally the answer has to be 'I don't know' or 'Sometimes'.
