

HOW TO PLAY

Player A picks a card from the top of the deck and announces the theme to player B who then has to choose between an easy, medium or hard category. Player A then reads out the category and immediately turns the timer over and player B gives out their answers. When players complete their challenge within the limited time, they move their counter by 1, 2 or 3 places depending on the difficulty level of their challenge. If players cannot complete their challenge they do not move their counter. If player A believes player B is bluffing their answers, they can challenge them and check if they're right. If they are, player A must move back 2 places.

NAME 3 GAME

Instructions

SET UP

Place the board in the centre, shuffle the cards and place the deck near the board along with the sand timer. Every player places their chosen counter on the Start square on the board.

AIM OF THE GAME

Be the first to reach the Finish square!

HOW TO PLAY
(continued)

If the answers were wrong however, player B must move back 2 places! After each challenge the card is put back at the bottom of the deck and the player's turn is over. Play continues in this way clockwise, one player reading out categories for another to answer. The first player to reach the Finish square wins!

CHANCE!

If player B lands on a Chance square, player A reads out the Chance section at the bottom of the card. Player B carries out the instructions.
