

## FEATURES

### LED Display

Easy-to-use LED display allows you to quickly change temperatures, lighting, and control a child lock for additional safety.

### Dual Pane Glass Door

Protect your collection from the elements while maintaining the perfect cooling temperature with a well-insulated, UV-resistant dual pane glass door.

### Built-In or Freestanding

Enjoy versatile installation options to perfectly match your style, either seamless within your cabinetry or standalone.

### Reversible Door

Provides additional installation flexibility with an easily reversible door hinge.

It takes vision to predict what is beyond the horizon, and confidence to design it. ZLINE fearlessly reshapes the landscape of luxury, with an ever evolving line of products.
