Based just outside Bournemouth on the Dorset/Hampshire border, we are the South's leading outdoor kitchen company. We cover the whole of the UK specialising in all areas of outdoor living including Landscaping, patios, shelters, BBQ's, pizza ovens, Kamado ovens and everything else needed to create the perfect outdoor space.

TRADITIONAL KITCHENS

Render.

Traditional kitchens are kitchens that are built using conventional building methods as opposed to the modular 'ready-made' kitchen units. These kitchens are usually built using concrete blocks, bricks, metal or timber frame. They can be finished with the material of your choice including render, timber cladding, cement board cladding, tiles or Dekton. There are no limitations on size, layout, goods, or appliances when choosing a traditionally built kitchen.

TRADITIONAL KITCHENS

TRADITIONAL KITCHENS

Tiling.

Your dream outdoor space will become a reality thanks to the enthusiasm and knowledge of our team at every stage, from design to installation. We offer a free consultation, a 3D design service, and a wealth of information about products, concepts, and equipment.

TRADITIONAL KITCHENS

Dekton.

Modular kitchens are becoming increasingly popular. They come premade, include everything you need and are installed in less than a day. There is now a huge choice available to choose from with a variety of different colours, layouts and appliances.

BURNOUT
Burnout are a high end German manufacturer new to the UK in 2022. Using stainless steel frames and composite fronts, these kitchens ooze quality and can accommodate most ovens and grills.

FRESCO PRO.

Beefeater are an Australian brand that now offer 3 different ranges of modular kitchens and a huge range of grills and accessories.

MODULAR KITCHENS

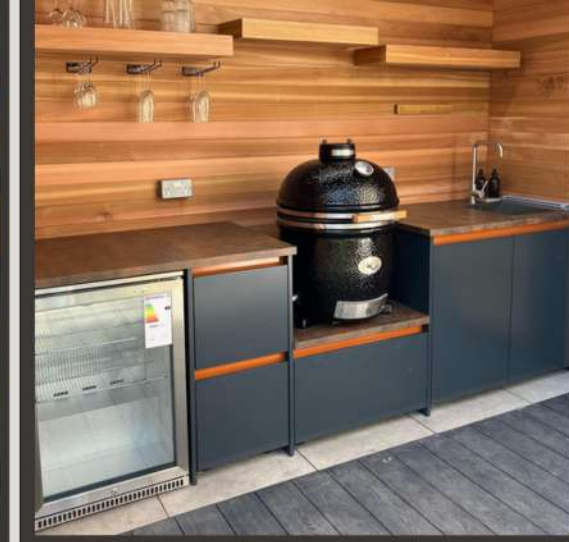

OASIS

These are our very own 'in house' range of modular kitchens. Each one is completely bespoke and can be made to any size, layout, and colour.

AMAZING!

Jody is amazing! He went through our outdoor kitchen plans thoroughly so when it was built it was everything we had dreamed of. It's the best thing we decided to do and now our garden looks phenomenal. I can't thank the AOS team enough and they come with my highest recommendation.

The AOS team created our dream kitchen...

The AOS team created our dream kitchen and garden! We first got the team over to quote us for a new outdoor kitchen, however we soon found out they could do more than that and also redo our patio and build us a pergola too. The whole process end-to-end was fantastic. Clear communication, friendly service and above all, they kept within the budget and delivered all we wanted. We would highly recommend the AOS team and will use them again in future

Great service and installation from AOS

We visited the AOS showroom and Jody took time to fully explain and detail the various options in our search for an outdoor kitchen. We had an excellent insight and advice on what kitchen would best suit our requirements. The AOS team kept up fully informed of delivery. The units arrived on the day we were told and the following day the AOS team installed the unit and provided a first class job. I would without hesitation recommend AOS for great customer service and a first class installation.
