

EASYPEASIE VEGETABLES

Made in South Florida by two locals, with freshly picked and immediately dried vegetables selected from trusted sources, EasyPeasie is a powder that adds nutrients to foods. The EasyPeasie Natural Veggie Blend of dried carrots, peas and sweet potatoes is vegan and dairy-free, with no detectable taste when added to foods. It's great for kids, but adults can use it in their own meals and smoothies, too. **\$5.99-\$16.99,** easypeasie.com
