### APPLICATION

Use each time you plant, transplant, premix, repot and/or amend soil. Mix in 10% - 20% Soil Regenerator into soil. For existing potted plants, hanging baskets or planter boxes liberally sprinkle. Use at any time in the growing season, as often as required. Use on all plants.

### USES

Greenhouse, Indoor/Outdoor Gardening, Cannabis, Annuals, Potted Flowering Plants, Beds, Fruit & Flowering Plants and High Value Crops.

### STORAGE AND HANDLING

Store in a dry place. Handle in a well-ventilated area and avoid generating dust during manipulation. Wear approved respirator and goggles. Avoid inhalation and direct contact with eyes. Product may cause irritation in immunocompromised individuals or those who have allergies to microorganisms. If inhaled, provide fresh air. If product comes in contact with skin, wash with soap and water. If product comes in contact with eyes, rinse the eyes immediately and thoroughly with water. If swallowed, rinse mouth with water. Keep out of reach of children.

### PRECAUTIONARY STATEMENT

This product may contain fungi and bacteria, and may cause adverse effects to individuals who are allergic to certain micro-organisms including moulds, and also to immune deficient individuals. This product contains fish. If an allergic reaction occurs, seek medical attention.
