

INSTALLATION INSTRUCTIONS

PART No.

FB21015

Jeep® JK Wrangler Windshield Light Bracket

* LIGHTS NOT INCLUDED

REQUIRED TOOLS

T-40 wrench

KIT CONTAINS

Gaskets (Left and Right)

Brackets (Left and Right)

QTY

1 ea

1 ea

1) REMOVE FACTORY BOLTS

Using your T-40 wrench, remove the two (2) OEM bolts on the front of the windshield hinge bracket. Remove these from both sides.

2) INSTALL YOUR LIGHT BRACKETS

Place the gasket between the bracket and your OEM windshield bracket. Reinsert the OEM hardware to secure the light bracket to your vehicle. Repeat this for the opposite side.

3) LIGHTING

Follow your light's install instructions for mounting and wiring.
