Original GP Test Suspension 100 by Geneza Pharmaceuticals. GP Test Suspension 100 contains 100 mg of Testosterone Suspension and is brand product of Geneza Pharmaceuticals. GP Test Suspension has side effects. The worst thing about this drug is that it is hard on the system. It is high in androgens, aromatizes easily and it is hard on the liver. Also such negative effects as acne and male pattern baldness can result. Average dosages of GP Test Suspension range from 350-1000 mg per week (50-140 mg/day).
