thought i'll give them a go! Will update at 30 days. 60 and 90 as they say 3 months is recommended! (People start seeing results end of 1 month!).

delh1982 Been reading and reading on it think im going to give it a bash myself , whats to lose . would just like to know if any of it would show up on a piss test

olgatexx 🍌

ryantrainer\_az How was it?

edhowes @ryantrainer\_az using it for just over a month and to be fair i actually think it's worked! My chest feels and looks a lot bigger! I also feel like i've trimmed a little! I have changed workout and diet a little to but I think it's worth trying!

edhowes @delh1982 same mate, keen boxer!! Not sure on the answer of testing however think it's unlikely!

Primobolan Bayer Pret - GP Prima 100 mg GP Prima is an injectable steroid which contains the hormone Methenolone Enanthate in a preparation of 100 mg per ML. Product: GP Prima 100 mg 10 ml Primobolan Depot (methenolone enanthate) is one of the safest steroids in use today. Users usually don't report huge gains but the great thing about. [visit homepage](#)

Female athletes can get good results from 100-200mg a week and 50mg of Winstrol Depot can be added (although virilization problems may occur in sensitive individuals). A safer option would probably be 100mg Primobolan with 7.5mg Oxandrolone (or Winstrol oral, 10mg), which represents a cautious dose for those seeking to experiment with anabolics. Buy GP Prima 100 online: Methenolone Enanthate - 10 mL Vial (100 mg/ml). Top quality anabolic steroid - GP Prima 100. GP Prima 100 Composition.
