

Small Boat Kit Contents

A small boat kit will include the following items:

- ✚ Stems (air dried, inner and outer) for the bow and stern of the boat
- ✚ Planking (bead and cove edge, full length, premium quality western red cedar) for the sides of the boat
- ✚ Small boat strips, for row boats
- ✚ Gunwales (inner and outer, full length) for the top edge of the boat
- ✚ A keelson, a structural member running the length of the boat
- ✚ A keel, a structural member running along the bottom of the boat
- ✚ A transom kit, including pieces for the back of the boat (for Whitehall and Rice lake kits only)
- ✚ Fiberglass cloth for reinforcing the boat
- ✚ Epoxy resin kit for bonding the various components of the boat together
- ✚ Varnish
- ✚ Wood Glue

Optional items that may be included in the small boat kit are:

- ✚ Small boat plans. This option will automatically be selected when checking out, however, it is not required when purchasing the kit should you already have obtained the plans previously
- ✚ CNC molds, which are precision-cut templates for shaping the boat's components – are also not required, however, are strongly advised.
- ✚ Accent planks, decorative wooden strips for the sides of the boat – These must be purchased separately from the kit
