CERTIFICATE OF ANALYSIS

Oleamide

(Oleic Acid Amide)

Material Lot #: 0001487711
Country of Origin: United Kingdom

Manufacture Date: 04/14/2019
Testing Date: 12/21/2019
Retesting Date: 12/20/2022

Analysis	Claim	Result
Total Fatty Acid Amide	≥98.0%	99.39%

Test	Specification	Result
Appearance	Small prill or powder	Complies
Melting Point	72-77°C	73.5°C
Amide Purity	≥98%	99.39%
Acid Value	≤0.8 mg KOH/g	0.45 KOH/g
Iodine Value	80-95 gI ₂ /100g	86.7
Color (hazen)	≤400	150
Moisture (wt%)	≤0.1	0.04

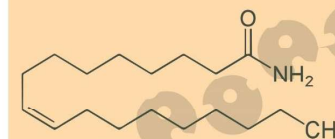

Oleamide should be refrigerated in a tightly sealed durable container. Oleamide should be protected from excess heat, direct sunlight, excess humidity and moisture. Oleamide has a testing period of 3 years from the date of testing when properly stored.

OLEAMIDE

Main Benefits

- Oleamide is a naturally-occurring compound that is produced from oleic acid and is known to accumulate in the brain prior to sleep.
- Benefits of Oleamide include the ability to support healthy stress levels, promotion of healthy sleeping patterns as well as an increase in appetite.
- Oleamide is known to enhance GABA receptor signalling, which is associated with improvements in mood and stress-reduction.

Main Cautions

- It is not recommended to exceed the suggested serving size for Oleamide due to the relatively low number of human studies on this supplement.
- Oleamide is associated with a decline in locomotor function even at medium doses so users should not attempt to drive or to operate heavy machinery.
- Please speak to your doctor before using Oleamide if you have any pre-existing medical conditions or are taking any medication

Usage Tips

- A 0.15cc measuring scoop is included. One level scoop contains approximately one serving, or approximately **50 mg of Oleamide**. As a dietary supplement, take 1-8 servings 1-2 times per day. Start at the lower suggested quantity to assess response.
- The negative effects of Oleamide are dependent on the amount taken, so use of a scale with 10mg/0.01g accuracy or better is highly recommended.
- Use of capsules, or mixing with tea, yogurt, apple sauce, or oatmeal may help make the powder more tolerable.
- This supplement is not intended to treat, diagnose, prevent, or cure any diseases. Consult your healthcare provider before use if you have a medical condition or if you are taking any prescription medications.
- It is safe to stack Oleamide with other supplements, so long as the amount consumed does not exceed the suggested serving size.
- The benefits of Oleamide are most effective when they are supported by a healthy diet and plenty of exercise.

Product Name	Oleamide	Client Lot Number	0001487711
Report Date	12/21/19	Laboratory Number	13450

Test	Method	Result
Oleamide	HPLC	67.7%
Amide and Fatty acid content	HPLC	100.4%
Lead	ICP-MS USP <730>	0.007 ppm
Arsenic	ICP-MS USP <730>	<0.0001 ppm
Cadmium	ICP-MS USP <730>	0.010 ppm
Mercury	ICP-MS USP <730>	0.013 ppm
Total Aerobic count	Biolumix	<100 cfu/g
Yeast and Mold	Biolumix	<100 cfu/g
E. Coli	Biolumix	Negative
Coliform	Biolumix	<10 cfu/g
Salmonella	Biolumix	Negative
