DIGITAL CONTENT  
CREATOR & INFLUENCER

## ABOUT ME

I'm a dedicated streamer who has been active on Twitch for the past 3 years. I shifted my focus to darts in January of 2024 as the hobby took over my life. My community is a mix of veteran darts players, folks who relate to me as they have just started playing as well, and returning viewers who just appreciate the atmosphere of our community. I am also uniquely positioned as one of the few North American creators playing steel tip darts on Twitch.

My commitment to content creation is very high including going live 341 days in 2023. I'm confident that we can create mutually beneficial opportunities by working together!
