**Sleep Image Workflow** 

### Patient - First night monitoring

#### $\rightarrow$ Patient starts test

Patient puts the ring on, and starts the test before bed

 $\rightarrow$  Patient ends test in morning

When patient wakes up they take the ring off and end the test

 $\rightarrow$  Email notification - Results ready

When the results are ready you will be notified by email

 $\rightarrow$  Show in ResDent

Autoscore plus specialist report options

 $\rightarrow$  Access the report in ResDent

If you are waiting on a specialist report this may take a few more days but don't worry, you'll get these back soon enough
