

# APIEZON<sup>®</sup> SEALING COMPOUND Q

Safety Data Sheet

Issue Date: February 2002

<b>1. Substance/Company Identification</b>	Product Name: Apiezon Sealing Compound Q. CAS Nos: 68953-58-2, 8012-95-1. Company Name: M&I Materials Ltd. PO Box 136, Manchester, M60 1AN, UK. Telephone: +44 (0) 161 875 4313 Fax: +44 (0) 161 875 2695
<b>2. Composition/Ingredients</b>	Composition: Hydrocarbon mastic. Hazardous Ingredients: None.
<b>3. Hazards Identification</b>	This product is not classified as hazardous.
<b>4. First Aid Measures</b>	Eyes: Irrigate with copious quantities of water. Skin: None envisaged. Inhalation: None envisaged. Ingestion: Do not induce vomiting. Obtain medical attention.
<b>5. Fire Fighting Measures</b>	Suitable extinguishing media: Carbon dioxide, dry powder, foam or water fog. Do not use water jets. Special exposure hazards: None. Special protective equipment: None.
<b>6. Accidental Release Measures</b>	Personal precautions: None. Environmental precautions: None. Decontamination procedures: Place in containers. See para.13 re disposal.
<b>7. Handling and Storage</b>	Handling: No special precautions required. Storage: No special precautions required.
<b>8. Exposure Controls/Personal Protection</b>	Engineering control measures: None required. Personal protection: Wash hands after use. Avoid prolonged exposure.

Safety Data Sheet Continued

<b>9. Physical &amp; Chemical Properties</b>	Physical state: Semi solid. Colour: Black. Odour: None. Softening point: 40°C to 50°C. Flash point: >260°C. Autoignition point: >320°C. Explosive limits: Not determined. Relative density @ 20°C: 1.600. Water solubility: Very low.
<b>10. Stability &amp; Reactivity</b>	Stability: Will not polymerise. Conditions to avoid: Temperatures >120°C. Materials to avoid: Strong oxidising agents. Hazardous decomposition products: Trace amounts of polycyclic hydrocarbons.
<b>11. Toxicological Information</b>	Based on the product's components: Oral LD50 (rat) >2g/kg. Dermal LD50 (Rabbit) >2g/kg. Acute Health Effects: Eyes: May cause transient irritation. Inhalation: Low volatility makes inhalation unlikely. Ingestion: May cause nausea, vomiting and diarrhoea. Chronic Health Effects: Skin: Repeated and prolonged skin contact may cause skin disorders.
<b>12. Ecological Information</b>	Environmental: When used and/or disposed of as indicated no adverse environmental effects are foreseen. Mobility: Non-volatile/ Insoluble in water. Degradability: Slowly biodegradable in aerobic conditions.
<b>13. Disposal Considerations</b>	Product and packaging must be disposed of in accordance with local and national regulations. May be incinerated. Unused product may be returned for reclamation.
<b>14. Transport Classification</b>	Not classified as hazardous for transport by air, sea or road.
<b>15. Regulatory Information</b>	All chemical substances in this material are included on the TSCA Inventory of Chemical Substances.
<b>16. Other Information</b>	None.
