

Airtech KRX-1

Technical Specifications

Specifications: (Vacuum)							
Model Number	Motor	RPM	HP	CFM	Max. Hg"	LBS	Kgs
KRX1-SS-2001-G3	w/o Motor			5.5	25"	20	9
KRX1-SS-2001-G1	208-230/460V	1750	0.25	5.5	25"	33	15
KRX1-SS-2002-G1	115/230V	1750	0.25	5.5	25"	33	15

Specifications: (Pressure)							
Model Number	Motor	RPM	HP	CFM	Max. PSI	LBS	Kgs
KRX1-SS-2050-G3	w/o Motor			5.5	14psig	20	9
KRX1-SS-2050-G1	208-230/460V	1750	0.25	5.5	14psig	33	15
KRX1-SS-2051-G1	115/230V	1750	0.25	5.5	14psig	33	15

Pumping Curves

Airtech KRX-1

Features & Benefits

- environmentally friendly oil-free technology
- maintenance free design
- quiet operation
- cooler running outboard bearings increase service life
- built-in particulate filters & silencers
- compact, lightweight design
- ideal alternative to standard oil sealed rotary vane pumps
