Kinney KTC 21, KTC 60, KTC 112 **Features & Benefits**

- · positive pressure lubrication assures operation at any pressure, up to atmospheric pressure
- no metal-to-metal contact in pumping chamber
- · unequalled durability, even in dirty applications
- · triplex piston design for quiet. vibration-free operation

Applications

• evacuating refrigeration systems • liquid gas storage • brake filling systems · low-pressure chemical vapor deposition (LPCVD) · silicon crystal growing · leak detection
