Seiko Seiki SCU-301

Technical Specifications

| Item | | Specifications | |
|--|-----------------------------------|--|-----|
| Input voltage | VAC | 100 to 120+/-10% (100V specification) 200 to 240+/-10% (200V specification) | |
| Input power | At start: | VA | 550 |
| | Under rated operation: | VA | 150 |
| Input frequency | Hz | 50/60 +/-2 | |
| Leakage current value | mA | 3.5 | |
| Input phase | | Single phase | |
| Main breaker spec | Rated current | 7.5A | |
| | AIC: Ampere Interrupting Capacity | 1000A (AC240V, 50/60Hz) | |
| Motor drive system | | 3-phase DC brush-less motor driver | |
| Output voltage under rated operation (3-phase) | VAC | 31 to 62 | |
| Output frequency under rated operation | Hz | 420 to 800 | |
| Ambient temperature range | °C | 0 to 40 | |
| Storage temperature range | °C | -25 to +55 | |
| Mass | kg | 7 | |
| Dimensions | mm | W209.5 x H132.5 x D315 | |
