

Pfeiffer TCP-270

Technical Specifications

	TCP 270
Connected voltage 50 - 60 Hz	110/220/240
Max. power input TCP	300
Max. power input, pump- ing unit components	650
Max. output voltage	40 =
Run-up current	7
Rated frequency + 2%	715
Max. power input, bak- king pump, with control by relays c7 and c8	250
Permissible ambient tem- perature for water cooling	0 - 50
Permissible ambient tem- perature for air cooling	0 - 35
Max. cable length	100
Dimensions	210 x 132,5 x 245
Weight	7,2
