

Agilent TwisTorr 304FS AG

Technical Specifications

Input	100 ÷ 240 Vac 50/60 Hz
Maximum input power	300 VA
Output voltage	75 Vac
Output frequency	963 Hz
Nominal output power	150 W
Operating temperature	+5 °C to +45 °C
Storage temperature	-20 °C to +70 °C

Dimensions

Features & Benefits

- universal voltage
- stop speed reading
- N.O. and N.C. vent valve drive
- active gauge pressure reading capability
