

Paying with Coins Assessment

Use the following summary to assess a student's abilities and performance throughout the lesson. Share this assessment with students at the start of the lesson so that students will understand how they will be assessed prior to beginning the Exploring and Learning section. The tool can be used as a basis for providing feedback to the student. Use the scale below to score each of the following items:

Making Connections:

_____ Student participates in discussion by offering answers to one or more of the questions asked by the teacher.

Exploring and Learning

_____ Student participates in discussion by identifying several ways to represent the value of \$1.00 using coins only.

_____ Student works with partner to calculate total purchase prices (based on retail prices and quantities), and to provide two options to pay for those items using coins only.

_____ Student works with partner to help customers purchase items given an allotted amount of money (budget) to make purchases.

_____ Each worksheet contains accurate calculations.
