0:13

0:30

thoughts and uh get a little bit of our hearts you know oh in our love of fashion because we love it who doesn't

0:36

want to know about fashion exactly so let's just get into it okay this week

0:41

and I was excited about this week it's the Coachella recap okay like what the

0:48

heck went on we have to go it's on super nice so

0:55

happy place okay I'm gonna tell you it's not just We're not gonna do tier one two three four and five we're doing the VIP

1:00

tickets I I already looked at the ticket prices dollar prices did you get on there too well I'm like oh it jumped

1:06

from like I don't know 1100 to 1600 I'm like okay what's the difference an extra 500 bucks like well it's price IP

1:12

probably like shorter drink lines and a little closer to you know who's

1:18

performing and everything and you know so this was the 22nd which I was like

1:23

whoa it's been going on that long I didn't realize that I thought it but then again you know like it did start

1:29

when I was pretty young like I probably should start going in my

1:35

early 20s but um but anyway no I was like that that kind of like floored me when I looked that up and you know for

1:41

those those listeners or those viewers that don't know what Coachella is it's a Music and Arts Festival there's a lot of

1:46

other components that play into it um and it happens usually well in the

1:52

month of April two consecutive weekends uh of just music and celebrities and

1:58

influencers and individuals all kinds of people just showing up fashion art yes

2:04

parties that are thrown Festival parties that are thrown um not even the Empire Polo Club is where it's held

2:12

and that's um in Indio California which is about 23 miles like East I think of

2:17

Palm Springs so it's not you know it's right there and Plum Springs is literally like 125 miles

2:23

you know out of LA or whatever granted you're going to be on that Highway a lot longer

2:31

exactly they're like it'll take you two hours and 30 th Maybe I doubt it um and you know the ticket prices is here when

2:37

I was looking like tier one was like start like started like 5 49. and they kind of went up from there to

2:43

like 6 49 and ranges one through five and then just VIP started at 1069 and it

2:49

just went crazy crazy right and when they sell out then the people that have

2:55

those tickets okay so a quarter of a million people I

3:01

think are in there right it's 250 000 people are allowed to go I think that is what it when At Last I read now like if

3:08

I'm wrong put it in put it in the comments because I love it I will correct it okay I promise I will but

3:15

yeah a lot of of influencers and the celebs and uh show up like the week before

3:23

right or like right before the first weekend because they want to get the

3:28

first Glimpse and they want to be able to tell everybody about it you know especially influencers right so you know

3:34

I'm noticing they're getting there and of course the influencers I believe and even the Stars a lot of the stars are

3:39

going to go to revolves Festival yeah of course which was the 15th and 16th which

3:45

is like the Saturn I guess the Saturday and Sunday it was a full day I think me too we're going that's what I call us we'll go

3:52

um and I think it like it's not even like sort of like two to six it's like or like something creative it was a 12

3:57

to six it was like I was like that's not long enough you know what I mean like you everything

4:02

the schedule is crazy you know you're just running in and running out but um some of my favorite books were from the

4:10

revolve festival and I guess you know when I call it the robot party but it actually is called the revolve Festival so

4:18

I want to talk about let's talk about the headliners the

4:24

musical talents and what we saw there and then we're going to get into all the fashion stuff because I mean you know

4:29

that's my favorite part I know I want to see like what everyone's wearing and all the outfit changes I completely agree

4:35

and basically because I did you know I I was I was watching it I rewatched as much as I

4:42

could on the live stream and and I just I kept re-watching it right like I just had to see more and more and more and

4:49

then first of all I'm completely obsessed with a couple of of the performers

5:01

okay let's start with that the mirrored Poncho that she walked out in uh yes and

5:06

the acid wash like like gloves she was amazing

5:18

I mean it everybody knows Blondie whether what exactly like I loved it yeah it's kind of we all know it right

5:25

when you're yeah in your 70s or you're one day or another yeah whatever we all

5:31

love it and know it so I think that was an awesome choice for them so I love that she's 76 years old and she chose it

5:38

rocking I mean she killed it but yeah the mirror Poncho okay yes that one is

5:44

the Mosaic New York Poncho she comes out and it's kind of off her shoulder you know like like like it was so cool right

5:51

and then you're like wait a minute she got some acid wash gloves on curl and a sheer top with the leather

5:58

vest over it and then you know she had some pins on that leather vest which by

6:04

the way we've been talking about that talk about it about adding pins to your leather vest I thought she was fantastic

6:11

I I just couldn't get enough of it and I loved that the ass the acid wash look

6:16

the denim had a design to it not only with the gloves

6:23

but on the pants I just and you know she had her hair gray it

6:29

was like gray on Gray on Gray like so it was just it just it was sexy like I mean

6:37

she it was Debbie it was sexy Debbie Harry is sexy like I mean I was like

6:43

wow what you doing today she's killing it didn't you feel like I mean she's getting a date tonight

6:50

but no I really really loved her uh we could go right into it Bad Bunny Bad

6:55

Bunny oh my gosh okay so first of all I want to say he's making history because he's the first Latin artist to headline

7:01

Coachella um that man he's all over the place you can work out

7:06

as much as you want you look absolutely fantastic uh I mean he wore okay first

7:12

of all I loved all of his looks I love the puffer jacket look okay well I did I

7:19

did like he he wore a mugler first am I saying that right I am right

7:24

sorry I didn't I I wrote it a totally different way uh jacket with like a belt

7:30

buckle um how did they describe it it was like a buckle waist pants and then a zipped hoodie but then he had like bones in

7:38

like corset paneling on his torso like he needs any addition he's like

7:44

just totally enhancing those six-pack abs that he has but I thought like I was

7:49

like oh hey like you come for a show which and that that guy puts on a show I mean I'm not gonna lie he puts on a show

7:56

my good friend Irma if you're watching Irma hagara I absolutely love you or if you're listening she's a huge Bad Bunny

8:03

fan and she introduced me to Bad Bunny and I'm gonna tell you my workout last night was great I've seen darn thing I

8:11

put that music on and I felt great I did like his puffer coat though I thought it was cool I mean I love the patchwork

8:16

puffer I mean yeah look at that new tattoo tattoos I mean there's ABS I mean just

8:22

just like he had he is he radiates confidence like that man

8:29

just has something about him and I of course he's with Kendall Jenner if you know this I mean I just learned this

8:36

but the week of like you did okay I've known it because I heard they were making out whatever I love Kendall

8:41

Jenner and we'll talk about her fashion um a little bit later compared to his and I think she's just the respectful

8:48

awesome girlfriend that just you know is gonna let him shine even though she is just a mega mega you know model star in

8:57

her own right um I just I love them together I just think they're very cute I just look so

9:03

good together

9:08

you know he's a great kid and he gives a lot away to charity every year that guy is fantastic but I do you know I was way

9:17

down like all the Kardashians love to date an artist like when was this happening you know like like you know

9:22

when was it gonna happen well it happened it happened and it would happen with Bad Bunny and I am happy I'm very happy with that

9:28

Rosalia Coley smokes she's fantastic so

9:33

she has done she she's been doing a campaign basically for happy Studios

9:39

like been doing a campaign since last year so literally what she came out and

9:45

you know me with with leather pants I'm all about other people what

9:50

um recycled believe me recycled uh leather I love it um and so she wore basically like a

9:58

bralette with like a sheer pink ruffled long it almost looked like a

10:04

something like a gap like not maybe a robe I found a robe kind of thing you

10:09

know and then she had all those leather pants with the you know the stiletto heels and the Rick Owens futuristic

10:16

Chrysler is it Chrysler sunglasses they're sold out they're everywhere like you can't you can't get them barely and

10:22

literally there was one pair when I went on this one site last night for 790 and you know it looks like you're going into

10:28

space just also did a hundred and she's

10:35

getting ready to start a tour she's from Spain she lives right you know she was raised right outside of Barcelona and um

10:43

so they also did I mean she was also did 128 pieces total so just dress the whole

10:51

plan amazing and so that show that kicks off I think June 3rd I don't know I want

10:56

to go there like I'm like that girl she's got something she does and her voice is amazing well and then her

11:02

fiance comes on you know like he just shows up and I mean they've done

11:08

like three songs together and I was like it was just beautiful yeah it was

11:14

beautiful I really loved it girl I am walking a lot

11:19

a lot to run my walks because I got that that beat you know she has that I mean you know and my booty was kind of

11:26

shaking a little bit more than it ever would but I think that it um yeah I think that her music is just inspiring

11:33

and uh she does tell the telegraphy she tells a great story and we love that with that with music you know and I I

11:39

think uh I think she's only going up I think I you know I love you JLo you know I love you right

11:47

I love I love I love it this there's just something about her

11:53

and I just got me well hey she had yet

12:00

to go on and on you know like I just slept It Off yeah oh it's that bad bunny of course

12:07

I'm gonna watch me guys I'll have a six-pack out of him in 45 days doing that black pink came out and like what

12:14

was going on there I mean the first Korean group to I mean headline and kill it like they did a great job they were

12:21

great they're fun they're fun I you know knowing that we were doing this kind of

12:27

you know inspired me to kind of like go and search all these new you know all these Headliners and all these the

12:32

lineup here so it was fun kind of like getting to know some of these I completely agree because I I'll be

12:39

honest like first of all the lineup was crazy it was all over the place oh my gosh how many how many performers are

12:47

there gonna be so well I'm going down the list yeah I'm going to listen to the one that really standing Oscar I'm like oh Frank Ocean and Calvin Harris

12:55

yeah but I'm still kind of like oh okay you know those are the ones I've seen but I'm not realizing that there is a

13:01

huge fan base for blackpink and how great they were and happy I was happy the fashion was over

13:09

I was able to find that out and I had to dig for that information guys because I don't know why I thought a lot of the

13:16

outlets like even in you know on a huge Vogue fan a huge Heavy D fan I mean Anna

13:23

just we love you so I was like really digging for what exactly what they were

13:28

wearing and I know they probably you know didn't talk to them directly so you can't like do that they had a lot of a

13:34

lot a lot of silver embellished you know a lot of sequins they did the pink sequence the tool I love that they they

13:41

were wearing Cartier and they did a lot of Tiffany and Co which I was able to find that out which you know if I did I

13:48

couldn't find I'm like okay well it was hard to find out what they were doing

13:54

um but I thought that they looked sexy but not

13:59

I don't want to use the word but I guess I'll usually I thought they looked great and I and I I and I you

14:05

could see the crowd was going like mess with it so go black pink you know uh

14:13

Frank Ocean okay I love this man I'm sorry that like though I guess the

14:19

week before he was actually um like on stage I think there and he ended

14:26

up fracturing his leg in two spots and then did like and then I also had like a

14:33

sprain too and so a lot of the fans weren't very happy because I guess um he was like an hour late to his set

14:39

skipped over a lot of the faith a lot of the fan favorite songs perform mostly sitting down which we would understand

14:46

my leg basically and but then had to supposedly lip sing a lot of some of the

14:52

lyrics I don't think he was in good shape and you know it has been six years since he's been on stage

14:58

so could you imagine like you hurt your side and it was the first weekend right so so the second under doctor's orders

15:05

obviously he did not perform the second weekend um and Blink 182 came in and and took

15:11

the spot but I will say like Justin Bieber like came out for Frank Ocean and

15:16

just said like listen dude this guy's so 10 he is he's he's incredible he's talented and just was I was moved by the

15:23

set and just really wrote like some really deep lovely words about him and I'm telling you Frank you needed it

15:30

because a lot of the people were like they just didn't understand I don't think they okay I think that that people

15:35

that fans can be and can be really critical and um they expect you know like that you're

15:43

not gonna maybe have a bad time on stage or it's just really critical when really

15:48

this is the best that you you know you're at least you're not canceling you're doing it so um so yeah I think I

15:55

was really like and I hear he's doing a new album so I'm really happy about that and I was really like I just I'm a

16:02

beeper fan so like when I saw that really kindness and you know him and Haley together I freaking love it uh so

16:07

and I love it and we'll get to her we're gonna get to her because you know I just love her so yeah I um that's kind of my

16:14

life yeah you know that's what I thought and I'm still there he's still performing you

16:20

know I didn't feel like it was talked about too much either you know like people just got on with it which was

16:26

great and then when Blink 182 was playing you can see Courtney I love you Courtney on the side it was that big

16:32

bird um I've always loved Courtney style

16:39

um and I know a lot of people say oh it's changed you know since she's with Travis work I don't care I don't care if you're selling you yeah keep it up you

16:46

know because this is the stuff I like to wear she looked great she's fun I love them together I want to love like that

16:53

that is the love that I'm looking forward and I think it's great so that well yeah he's fantastic he is fantastic

17:00

so the trends that that I was seeing and we won't talk about the Stars yet but what what trends were you seeing like

17:05

things that you were like what I was saying was oh my God here's the deal let's go Festival I think anything goes

17:13

right nothing is too outlandish I mean just you know mix and match in different

17:19

styles worked well together so I mean of course like a lot of the sequins a lot
17:25
of denim a lot of denim sets I saw the same thing denim on denim but not but
17:30
not a Canadian tuxedo where they match the denim though it was it was a lot of
17:35
mixing and matching and even striped like a striped shirt with like and I don't even know if I had
that on I know
17:41
there's somebody uh um did that okay where she did like a bando
17:48
top lighter wash than a medium wash and then a striped shirt and you know I was like
17:54
oh hey that's I wouldn't have thought of that it looks good but no I braless lace leather shiny
satin
18:00
um a lot of over-the-top like crazy like going back to that mirror over the top embellishments
Metals
18:09
um a lot of sheer a lot of sheer over like bikinis bathing suits any I mean yeah
18:16
pretty much anything please go sure you know you can have it the sheerness was just
everywhere even though you know you
18:23
look at Debbie Harry like she did it and added the best you know I think it was done so many
times I saw a lot of cargo
18:28
pants I saw a lot of plaid I saw a lot of plaid and I was like whoa Nirvana
18:38
yes like a little knocks you know but there was a lot more than that Paris
18:43
Jackson did a um incredible uh I think it was at the Rival Festival she wore that it was it
18:49
just I don't even know it was there was a plaid and you know patterns different patterns
18:56
I know I got my camera on I got my camo on today um cutouts cut out yes
19:04
that was everywhere um I felt and then loads of silver gold beaded jewelry I
19:10
mean mini shorts the mini shorts oh gathered maxi skirts where it was a long
19:16
look but then they had slid it or either right up the right up the front or on
19:21
your side and I like it I loved it and I thought wow like two of my favorite

19:26

looks we're done I know we're gonna get to that but I would agree with like the bra tops that they're wearing because

19:32

you got the you mix the slinky with the full I know it looked really really good

19:37

yeah I'm thinking did we miss anything because there were so many you said this uh corsets of course we saw a lot of

19:44

that of course the wild expressive Prince everywhere like mixed with other prints

19:49

which I love I love print on print on print on pattern just throw it on you know but keep it color

19:56

like you know what we're gonna go all out we're making yeah who cares I saw a lot of

20:03

turquoise um you know just like a lot of beaded

20:08

really beautiful necklaces layered on top a layered on top of layer and I I

20:16

loved I loved it Tara sent me a picture of this beautiful

20:24

green necklace and this dress and it oh my God it was stunning and I love this piece like love it and it was just so I

20:30

was like you could have worn this to Coachella like hey the one one day down for next year one at one one outfit made

20:38

you know um so who so let's talk about the fashion what what is your favorite like who's like oh my gosh

20:44

I have a few tops okay okay I love well I love Debbie Harry I love Kate Hudson

20:50

yes what exactly did you see her see her yes you piece

20:56

said um but then she also like tossed on um she tied around her chambray shirt

21:02

she did she had that Aztec sweater and she had all the things going on but it still worked I mean here's the deal

21:08

everything Kate wears and I'm gonna tell you Kate's always been extremely fat like

21:13

head fashion but the late lately on her social media girl she's been bringing it

21:20

I mean I've been like what I love this I love that she does fun stuff with her nails and she's always mixing a martini

21:26

or something uh because I think she has an alcohol brand that she does but I I just

21:31

yeah I loved it I well I mean she's one of my favorite people she's got that Vibe I mean well first of all she can

21:37

wear anything and do it all but like like so her happy place I would agree she feels very comfortable yeah yeah

21:43

it's all her thing and so I liked alessandrosio yes oh my gosh I mean

21:51

okay those are okay yes 100 you guys if anyone knows who made those I need those

21:57

so they're like a flare light denim like a cut out on it all the way down a gold

22:04

with like orange Floral shiny cut out we need a Google assistant

22:10

and find out but yeah she looked absolutely stunning didn't she and she got that stressed on vogue's top 24 PS

22:17

just to let you know that's how fabulous she looked and she's the first she's the first one when you scroll down so that's how big Tara is

22:25

um I like Zendaya okay I like first of all I love you know sometimes you forget oh wait

22:31

she's to see her because she's such a stunning actress model everything above um and

22:37

she's saying two songs uh with Labyrinth I'm tired at all of us she had

22:43

on like a pink corseted style top um with a matching frayed skirt I thought it was one dress but it wasn't

22:50

okay and then it was layered over like a white tank with these black thigh-high

22:57

lace-up stiletto boots when I saw this boots I thought I knew I was like girl take them off but you're probably a nine

23:03

and a half and I'm a seven but no I really really was feeling those things I really was yes they they just looked

23:10

sunny and I love that they had free she had this really large silver hoop earrings on lots of rings

23:16

um she is I I just never see her look like bad veggie I liked her like cool

23:23

just yeah rocker look and she's very comfortable yes beautiful

23:31

yeah she's gorgeous let's talk about Haley Bieber so what's she doing a few outfit changes

23:38

she did she had a few hours but let's talk with the crop top with the I guess like heavy faded oversized jeans uh the

23:48

street a head belt that was what the belt was it's called from Street ahead which I put the link in because they

23:53

have amazing belts and I I had like guys I just learned this like I didn't know about this company

23:58

great stuff okay and then she had on let's see a lot of earrings three

24:04

layered necklaces and then I saw her eyes

24:09

she had one streak of yellow eyeliner on

24:14

the top of her eyes and the green library now I have a very big screen

24:21

guys that's the one thing I have going for me and my so I was literally like really getting

24:27

in there I was like wow I love this like I loved the makeup look I loved it and I loved the nail look like I was like whoa

24:33

okay lime green like because at first I was like oh you know that's cool it's laid back but then you know Haley she's

24:40

gonna throw in she always has the nails she's got it and her nails always look fabulous and you know like look at me I

24:46

got it I got the Haley Nails on well you can if you're listening to me right now but I I do like that glazed donut that

24:52

Haley you know started and you can't get enough of now we need to do this yeah

24:57

I do too I don't know I had

25:05

I'm sure her makeup artist actually is gonna probably did a tutorial already and I just haven't looked at that but I

25:11

thought she looked fabulous what other looks like I also like just yeah I mean

25:16

pieces she threw I like some grungy jeans yes a white tank and here she is

25:22

like you know slick back she has like you

25:29

know like a you know so you could really see that absolutely gorgeous model face but yeah she just has this um

25:36

I just she's just got a glow yeah she looks fabulous did you see Camila Cabello yes I did

25:42

okay yes I think that is that's a Rachel look Ed well yeah

25:47

I thought I was like that was Smokey Brown well and with her dark hair it

25:53

just is Rich that like if when I looked at the outfit I was like she looks

25:58

she looks like cool Rich you know like calm and then yeah I opened I could pull

26:05

that off but I don't really like feeling horrible I yeah well I like it if you're done

26:11

wearing it send it on in I will sell it I don't first I'll wear it I'll buy it and wear it but no yes I really liked

26:18

her Irina shank she is so she was married to

26:23

Bradley Bradley Cooper okay okay and I want to say there were two different looks that she had the first one was a

26:29

sheer slip dress with diagonal Ruffles from rat and boa and then this huge

26:34

choker with a cross Rosary that was like just kind of killer but that's not I

26:40

love it was pretty right I'm not going to talk about the look that I absolutely had to look at three times because I didn't realize that the prints were

26:47

different oh yes because they match so well and what she did she found that one color that was threaded through they're

26:53

actually two or three colors the same colors threaded through and it was just this

27:00

it was an outro skirt a Versace top okay Burberry shoes and I literally said I

27:07

had to look three times to make sure that it wasn't the same matching look I literally I know no way this who did this and and she did it you did it

27:14

you're on your own she did on her own I'm sure she did you know what I know I just feel like well it's it's it was

27:21

killed she looked phenomenal and then you know I the third look that she did she has a black bait tiny tiny bathing

27:28

suit on and I was like my God I gotta go to the gym

27:34

oh but I just I I gotta tell you like I'm going to say it that look

27:40

with at the actual Versace I just loved it so I think that was my favorite look and like and it was the midi with the

27:46

gather the gathered mini um and then the one shoulder that just it just it was gorgeous we'll just go to

27:53

show you like these patterns that can mix so well like it just it works is I mean you just gotta get creative and

28:00

know that it it's it's awesome you do and I wrote a Blog called

28:05

uncharacteristic patterns that I think it came out last week and it names them all

28:10

okay every pattern in there and what you can do and how to you know because sometimes there are little things you

28:15

can do to make it work well there are things you can do to make it work a little bit better one is keeping that

28:21

finding one color that you can throw throughout but I'm gonna tell you Arena did like three colors like there was big

28:27

yellow there was the green there was the brown I mean it was unbelievable I couldn't number one number one number one that's

28:34

your number one but I'll see yeah cool okay so I like Lotto oh yeah

28:40

okay maybe even a Knight Rider Vibe we need it is what I thought because I was like

28:47

yeah just got the leather cut out yeah like I mean just funky and fun you know I agree

28:55

appropriate all of it is what do you think about Emma Chamberlain

29:01

um she did a couple looks okay the first look that she did was a

29:07

denim corset mini skirt and these red shoes for these vintage sunglasses and then the second look okay

29:15

gotta love this girl to show up in active Leisure wear and what I'm talking about is basically like a little bitty

29:23

um which you can do this because your body's over pretty great um yeah it was like she had on like a

29:28

long sleeve top with a really tight vest and then these they were they were

29:34

shorts but they could yeah you know little booty shorts and then you know her little fanny pack uh that she you

29:41

know wore across her chest and I was like girl that looks comfortable comfortable and sexy you know yeah I

29:48

mean and she had she was displaying a totally different hair color I mean I had to look twice to make sure she had dark

29:55

brown hair with bangs I was like wait a minute wait wait she was platinum blonde when was that when like what was

30:01

happening right um so I know and I know she'll be at the Met Gala on next week which by the way

30:06

will be covering that um I definitely think that she's I'm wondering like I should go back on what's she gonna do

30:12

but I love that girl she actually has her own coffee company the New York time set a huge spread on her so much

30:19

information on this this girl that was a vlogger and now is a fashion icon okay

30:26

she is Unstoppable yeah I mean it really is really she is and she's sweet she's a

30:33

sweet girl like she looks she's nice to meet you call me um no I really do like I want to talk about Kendall Jenner

30:40

because I just love this woman okay Kendall if you're watching I want to say

30:46

girl I know you dressed down because Bad Bunny was on stage I know that right you got the black tank top on you have The

30:52

Frayed you know low slung pant on with a little sandal you know your little bitty sun glasses you're gorgeous right you're

30:59

gorgeous um but what you did do is a couple days before the show started

31:05

you got yourself that vintage Chloe slip dress oh yeah and you put that baby on

31:10

okay and you killed it right before Coachella right like she usually I mean

31:16

I just thought this girl's pure class you know she always is though she is and

31:21

she always was fantastic okay but I I at first I thought oh wow I would I thought she'd have done a little bit more right

31:27

then I thought wait a minute she said Bad Bunny she would let him shine a little let him

31:33

do this but then four days before you know and that's the thing I had read an article lately so she she I guess she's

31:40

into collecting like a bunch of like vintage stuff

31:45

circular fashion I love that everybody loves that um but so she had this like big blue

31:51

slip dress and it was from Stella McCartney's tenure at Chloe and she picked it up and she had it on and it

31:56

kind of came up around the neck and you know that she's in Palm Springs it's like April 11th you know she got there a week early right and I was like because

32:05

I was like okay what else did she wear and then that pops up and I'm like oh God that's not vote I mean that might be

32:11

taking over my number one spot there and she did that was even at the festival that was just her hanging out

32:17

probably at Christmas house I think Chris has a house there it's her mom and I think you know they're probably over

32:22

there hanging you know because you gotta get there a little bit early yeah you know and fat buddy was definitely there and the other bike tanning and having a

32:28

great time and why not everyone's reading her tequila her 818 tequila like revolve it was like that was their drink

32:35

of choice so that girl is killing it good for you Kendall good for you all of

32:40

them and what about Kylie well I I love you Kylie would you think I liked her um the sheer

32:48

white it was like I didn't know if it was wrapped around her body or if it was made into the made into the crop top but

32:54

I thought it was beautiful and then the white she had this white jean jacket

32:59

um I mean she didn't she was a standout for me I liked the um who had the white denim jumpsuit on that

33:06

I liked oh Stella Maxwell yes yes so for me the white denim I love that jumpsuit but I don't know Kylie I thought

33:14

she's beautiful right and she and like I don't know if you've recently got on

33:19

Dolce gabbana's fight but like her face just pops up and you're like oh my God she's so pretty she's doing a lot for

33:24

them right now too but um but yeah I just love she like this moto jacket on

33:30

um from this French designer it was just beautiful and then she had these tiny white sunglasses you know we could

33:37

barely see them I know darn cool sunglasses what is it vintage oval

33:44

Aviator futuristic I mean it was like you so yeah and you had to have one for every day

33:51

don't think you're coming out with the same set because you're not crazy if that's exactly it it's yes that's

33:58

something that right now let's put that in the back of our head so we know next year yeah because that we're going to have to

34:05

have the fun I mean I don't know I'm gonna start planning for Coachella like right now you probably need I don't know

34:11

when the tickets come up next time you know I don't even know um storm read she's on euphoria

34:18

um I like she had a tiny metallic pink brawl at top that was like one of the tops you just showed me kind of like a

34:25

very in it barely collapsed together right but she just looks so cute with this ripped up denim jeans and these

34:31

sneakers she looks very fresh-faced she had braids in gorgeous just a gorgeous

34:36

girl fabulous actress um loved it

34:47

still 236 bucks for love check fancy but don't worry I'm gonna get my hands on it uh because I really didn't love the pink

34:55

tops yeah I really really liked it um but I do

35:01

have to say like probably my number two or three Emma Roberts just kept bringing it like she had a Prada white lace mini

35:07

dress that she was at the revolve Festival the black two-piece one shoulder top with the mashing gathered

35:13

mini skirt and the Yellow Block sandals that's an outfit that I would wear exactly I might even have it but you

35:21

probably let's like next time you're out yeah

35:29

she was I yeah I love her because she's happy and she's uh but what like I think

35:35

she has a sarcasm to her personality you can kind of see that's fun you know like she has this little sarcastic side it's

35:41

really really great and um she also had a fringe neutral mini dress with these

35:47

like vintage cowboy boots and this leather fanny pack that she wore across her chest and it just was like

35:53

cool I loved it I love how the boots with like the most random things and the colors I saw green I saw Brown I saw

36:01

um a mirrored boot that I think Paris Jackson had on and I was like where did you get this because I'm in love with it

36:07

um Rosalia was like I don't know why this wasn't talked about enough but it was on Vogue site

36:15

um she had on I guess like maybe after the performance she you know went on took a shower kind of came back out and

36:21

she had on this uh mock neck sleeveless white bodysuit with I'm not kidding you

36:28

a swimsuit sarong white tied at the waist and then these awesome white boots

36:36

block heeled boots and I was like girl how cool is that Burrows app because I love it I love it

36:44

I could recreate that look I know and that's what we're gonna go into right now we're gonna we're gonna say like so

36:52

like what are some things in your closet or things you can start collecting that you think

37:01

right and we know number one cowboy boots get yourself a pair you don't have

37:06

to pay a lot um get on style and get.com we've got several but you know look around look

37:11

around they're everywhere they're everywhere now is a good time to start after these

37:17

little festivals happen to think about things and again like I feel like so much goes you kind of just

37:24

it's kind of like artwork just pick and choose and just put it together it doesn't have to match I mean you know do

37:31

the sheer with the Plaid I mean I think that's the fun thing about this Festival is that you see all this

37:38

crazy stuff the things oh my god it works like all the patterns All The Fringe like mix and match throw it get a

37:44

French bag that's that's exactly what I put down like get like because if you're not into friends right and you're like I

37:51

don't need that French vest or there's too much Fringe on these jeans start with a bucket bag or some kind of like

37:59

bag that has some friction that's a great piece to pick up because you'll always have it I literally saw this

38:06

Valentino went on line that was camo Fringe and it was Tiny

38:12

somebody picked that thing up because it sold fast but I mean I I did but I got

38:18

the camera pants so we're okay um and I did wait for these to go way down and they did um yeah body chains but body chains I

38:25

actually had one Gloriana that I kept like for like 15 years ago I have one

38:32

with that yeah pull some things from the archives like keep those bulky pieces of

38:38

jewelry he's like that stuff is going to you know come

38:45

full circle and that's like we've got some great prices on our coral and I

38:52

mean real curl and real turquoise necklaces and earrings always a good thing to pick up because that's one

38:57

thing that that I did write it down here don't forget because that's the thing don't forget turquoise and coral because

39:03

you know it's easy to pick up your gold and your silver and all of that that the turquoise and the coral you don't

39:08

realize how much you get in there and you're like wow I really like this pop of color is really fantastic it's some

39:15

completely different yeah um cargo pants you can pick some of those up I mean why not stock up on any Mini Takes and crop

39:22

shirts you know like get yourself some crap you know like me like I didn't am I really a cropped shirt person probably

39:28

not but but now I am trying to do it I like it well I bought it I I you know

39:34

like I was like I'm gonna I'm gonna do it and you know for Festival time and even if you have a like a high-waisted pant

39:40

it worked it's cute and you know you can show a little skin and you know yeah I'm in my mid-40s and I'm just kidding but

39:48

no I think that's like it's okay you can't do it right do it so it's okay and uh crochet

39:54

like if you see things pants shirts tops yes purses belts anything that you see

40:01

that you're out at a vintage store or something you're like oh that's kind of cool but I know where I'd wear that well

40:06

guess what they'll get it because you can eat a pair with a Blazer and kind of tone it down for something you know non

40:13

coachella-ish but it works with I love it but you know even like for just the

40:18

pool like if there's things you're like I'm never gonna wear this yes you will you will it's a body chain I mean either

40:24

yes you can for a bathing suit and go to dinner right the those little mini

40:30

shorts you're like I don't think that looks good well with a tan it might I know with me I'm like

40:37

get that fake Tanner out I'm gonna look like I'm 10 years younger and my legs are gonna look like I worked out all

40:42

week you know like I really feel like that's it I don't know it's so crazy but anyway we're gonna wrap it up I know
