

Knitted Kalevala – Jenna Kostet

1st and 2nd revised edition

POHJOLAN NEITO SWEATER

p. 87

Chart

Row 6, columns 5, 15, 25 and 35 -> MC1

Row 6, columns 3, 17, 23 and 37 -> CC

Row 7, columns 3, 17, 23, and 37 -> MC1

Row 7, columns 2, 18, 28 and 38 ->CC

ANNA HUOLIA HEVOSEN

p. 140

Chart

Note: You can work the colourwork on the yoke in two ways. If you want to work the sweater as in the photos in the book, continue using the yarn you used in the body and the sleeves until row 3 in the chart. Also work stitches 4, 10 and 16 on row 4 with the same colour. Then the CC introduced on row 4 will form the background and the MC will form the main pattern.

KULTANEITO

p. 147

Yoke

The centre front marker mentioned in the beginning can be ignored. It is not needed in the pattern and not referred to later on.

IKU-TURSO

p. 156

Yarn

The code for Heathered Petrol is 047 (not 405).

p. 159

Hem and Cuff Chart

Row 4, columns 4 & 5 -> CC1

ILMATAR

p. 167

Chart

Row 42, column 5 -> CC

Row 46, column 26 -> CC

1st edition only

SUOLAULU

p. 38

Finished measurements

The chest circumferences should be: 35.5 (40, 45.25, 50.5, 51) (60.5, 65.5, 70.75, 75.5)" / 90 (102, 115, 128, 130) (154, 166, 180, 192) cm.

POHJOLAN EMÄNTÄ

p. 76

Finished measurements

Chest circumference for size 5XL should be 69.5"

TUONEN KARHU

p.123

Chart (Note! The chart available online has been fixed)

Row 31, column 19 -> MC

Row 32, column 18 -> MC

Row 48, column 25 -> MC

Row 49, column 24 -> MC

Row 50, column 23 -> MC

Row 51, column 22 -> MC

Row 52, column 21 -> MC

Row 53, columns 20, 19, 7 -> MC

IKU-TURSO

p. 157

Yoke

Row 5 is missing:

Row 5 (RS): MDS, knit to BOR.
