

VILLAIN[®]

SEGWAY

FEAR NO PLACE

A Villain SX10 dune buggy is shown on a sand dune. The vehicle is white with red accents and is positioned on the left side of the frame. The background consists of rolling sand dunes under a clear sky. The word "VILLAIN" is written in large, red, stylized capital letters across the middle of the image.

VILLAIN®

“Fear No Place” with the Villain SX10. Extreme performance combined with modern, aerodynamic design. Like something out of a Bond movie, the Villain boasts aggressive power & style thanks to its advanced engine, customisable ride settings and villainous looks. Equipped with remote reservoirs of both front and rear shocks, adjustable dual speed compression and rebound that can adapt to any terrain and driving style, the Villain is the ideal machine whether you’re into paddock transport, dune sprints or beach racing.

DYNAMIC POWERTRAIN

1000CC liquid cooled, twin cylinder, 4-stroke, DOHC engine delivers max 105HP and 93.5N·m of torque. The 1000CC engine adopts the optimal design of insulator spark plug and optimized CAM. With the addition of electronic fuel injection system, the powertrain has good adaptability in high/low temperature and high altitude environment.

SMART MOVING & SMART FUN

SMART EPS, SMART COMMANDING SYSTEM (SCS), SMART MOVING APP

Segway's Smart EPS System is designed with standard/comfort/sport modes that will adjust automatically according to traction conditions. You can access the real-time data of your vehicle through Smart Commanding System (SCS). Add an SOS emergency contact person. In case of a serious collision/roll, the app will automatically send an SMS with location to that person.

SAFETY & PERFORMANCE

Extreme Performance Gas Suspension

Remote-reservoir front and rear air shocks, with adjustable dual-speed compression and rebound. With dual A-arm, 400 mm wheel travel, plus rear suspension with 450mm wheel travel, gives you a smooth ride over the roughest terrain. From the adjustable seat and behind its inclinable steering wheel, drivers can access the LCD dashboard with adaptive display and get all the information they need in the blink of an eye.

FUEL TANK CAPACITY
44 litres

TOWWING CAPACITY
1320 kg

FRONT AUTOMATIC DIFF-LOCK WITH 2WD/4WD SWITCH

3500/4500 lb WINCH

The SX10E/SX10X come standard with a 3500lb winch, the SX10WX winch will pull up to 4500lb

Villain features a Spiral Angle Front/Rear Constant Drive Shaft, while the front axle differential enables the smooth switching between 2-wheel and 4-wheel drive. The Front axle differential lock can also be switched manually while moving, greatly improving the off-road performance.

FEAR NO PLACE

Founded in 1999 by Dean Kamen in the USA, Segway Brand (hereinafter referred to as "Segway Powersports") is an innovative company in the field of design and manufacturing, included but not limited to: Quad Bikes, Utility Side by Sides, Sport Side by Sides and On-road vehicles. Approaching the international market from a long-term perspective, Segway Powersports has numerous self-developed patented designs including a hybrid powertrain, internal combustion engines, a smart IOV system, advanced vehicle designs etc. Segway Powersports is a high-tech enterprise integrating a superior supply chain and its own factories. The company specializes in the R&D, production, sales and after-sales service of Powersports products. Segway Powersports adheres to the motto of "FEAR NO PLACE" and aims to be the leading on and off-road mobility solution provider. Segway Powersports is a subsidiary of the Segway-Ninebot Group which is a unicorn in the global smart mobility industry. Segway-Ninebot has three major business regions including Asia-Pacific, Europe and America, and its products are sold in more than 100 countries and regions around the world. It owns over 1,000 global core patents. By meeting the diverse, cool and fun needs of users, Segway-Ninebot continues to lead the industry with its new product development.
