

Safe-T-Guard

Disinfectant & Cleaner Tech Sheet

Product Description:

Safe-T-Guard is a powerful, hospital-grade, surgical-grade EPA registered ready-to-use dual quat disinfectant and cleaner (EPA registration number 1839-220-97176). Safe-T-Guard will not degrade or fade the soft or hard surfaces of any assets. It effectively disinfects by wiping or fogging and letting air dry. No personal protective equipment is required while applying Safe-T-Guard. It is skin-safe, easy to use & noncaustic.

It is intended for use in ambulances, commercial kitchens, physician's offices, transportation terminals, households, EMS & fire facilities, gyms, animal hospitals, animal transportation vehicles, mortuaries, athletic facilities, schools, kennels, and airports.

It is perfect for dealership service drives, car rental agencies. It sanitizes / disinfects all surfaces of a vehicle.

Safe-T-Gard kills the virus that causes Covid-19 on hard nonporous surfaces in just 30 seconds! Other products can require 5 - 10 minutes to make the same claim.

Use to clean, disinfect, and deodorize hard, non-porous surfaces, such as stainless steel, glass, plastic, formica, glazed granite & sealed granite.

It is also great for use on soft surfaces such as couches, fabrics, seat and/or soft cushions and upholstery. It kills microorganisms on beddings, (blankets, chairs, couches, curtains, gym bags, headrests, linens, and mattresses).

It can be used to sanitize and deodorize movie theater seats, hotel mattresses, gym mats, and rental cars, RVs, motor homes, aircraft & boats.
