

## Edgewell Fragrance Allergen Transparency and Principles

Edgewell aims for transparency and compliance with all applicable global fragrance ingredient regulations and discloses allergens on the product label in many regions in the world. Fragrance allergen disclosure is not required in all countries and markets in which we sell products, but to align with our sustainability goals on fragrance transparency, below please find a list of the 24 regulated fragrance allergens that we use and could potentially be in our products:

- Alpha-Isomethyl Ionone
- Amyl Cinnamal
- Benzyl Alcohol
- Benzyl Benzoate
- Benzyl Cinnamate
- Benzyl Salicylate
- Butylphenyl Methylpropional\*
- Cinnamyl alcohol
- Citral
- Citronellol
- Coumarin
- Eugenol
- Evernia Furfuracea (Treemoss Extract)
- Evernia Prunastri (Oakmoss) Extract
- Farnesol
- Geraniol
- Hexyl Cinnamal
- Hexyl Cinnamaldehyde
- Hydroxycitronellal
- Hydroxyisohexyl 3-cyclohexene Carboxaldehyde\*
- Iso Eugenol
- Limonene
- Linalool
- Methyl 2-Octynoate

*\* We have ongoing reformulation plans to phase out of these ingredients.*

We manufacture and distribute a wide range of products in categories spanning personal care, and not every product will include a fragrance allergen. If you have a fragrance sensitivity or question about our products, please contact us using the phone number provided on your product.
