Vibration Control

Remote Controls

Vibration Control

Power Button

Device may be used with or without the remote control.

Ensure the main device is **ON** before use.

HOW TO USE

• DEVICE POWER ON/OFF

Press and hold the  button for 3 seconds to turn your device on or off. Press the  button again to start vibration modes.

• VIBRATION MODES

There are 9 adjustable vibration modes for both the insertable ends.

To adjust the device's vibration modes, press the  button on your insertable to cycle through each mode.

• REMOTE POWER OFF

The remote will be automatically paired with the device. Ensure your main device is turned on before turning the remote on to use it.

With your main device turned on, press the  button for 3 seconds on the remote to put your remote on or off standby mode.

• VIBRATION MODES

To adjust the insertable vibration modes, press the  button on your remote to cycle through each mode.

HOW TO USE

• CHARGING THE DEVICE

Plug in your device using the included USB Pin charger.

The device will not function while charging, unplug the charger before using the device.

Flashing LED Light: Item is charging
Solid LED Light: Item is fully charged.

It takes approx 95 minutes of charge for up to 45 minutes of use.

• CHARGING THE REMOTE

Connect your remote using the included USB Magnetic charger.

The device will not function while charging, unplug the charger before using the remote.

CLEANING, STORAGE & SAFETY

Always clean and dry your device thoroughly before and after use. **DO NOT** store wet. We recommend that you use a mild cleanser that is suitable for use with silicone items.

Clean the device with a soft, damp cloth. **DO NOT** clean with an alcohol or chemical-based cleaner.

Use water based lubricant as desired. **Not compatible with silicone lubricant.**

Avoid leaving your device in direct sunlight and never expose it to extreme heat.

Keep away from water, and never immerse it.

Front
