YOUR PLAYGROUND. YOUR CHALLENGES. BE LIMITLESS.

#### **BORN IN** 1998

Inspired by years of working in the scuba diving industry, it took the Italian engineers, P. Ferraro and G. Beltrani, two years of experimenting, testing and prototyping to finally patent the first curved lens with no visibility distortion: the Seal swim mask.

#### FROM CREATIVE INGENUITY TO PERFOMANCE

Sharpened over more than 30 years of research, Aquaphere's craftsmanship excellence is based on purposefully advanced and patented technologies, high-quality materials and driven by our swimming community.

#### **AUTHENTIC PASSION**

Whatever the playground, we gear the free-spirited swimmer and celebrate each individual in their pursuit of achievement.

#### **CHALLENGE** DRIVEN

Our passion for purposeful driven and innovative swim eyewear, keeps inspiring us to elevate our products to enhance our swimmers experience.

#### MADE IN ITALY

Through our in-house R&D Department and manufacturing facilities based in Italy, we design and craft swim eyewear that combine performance, reliability and comfort.

# ENS FEATURES

DUOCURVE

A combined spherical and cylindrical lens for revolutionary distortion-free panoramic vision. Lateral and vertical sight like never before.

AVAILABLE FOR: DEFY.ULTRA

#### **CURVED LENS**

Premium optical engineering and three critically placed radii let you experience a 180° field of vision.

#### **ANTI-FOG**

Durable anti-fog treatment for guaranteed clearer vision. Use our eco-friendly anti-fog solution Sea-Clr Antifog spray for extra protection.

#### LIGHT PROTECTION

Embedded within the lens material (polycarbonate and plexisol), the properties of our lenses protect your eyes from harmful rays.

Cool silicone injected directly onto the lens creates an ultra-light frameless construction for a ground-breaking hydrodynamic shape.

AVAILABLE FOR: DEFY.ULTRA

# PRECISION FIT TECHNOLOGY

Ultra-thin silicone provides the perfect fit, contouring to every face shape for a comfortable, leak-free seal.

AVAILABLE FOR: DEFY.ULTRA

 $A \cdot F \cdot T$ 

# ADVANCED FIT TECHNOLOGY

The dual texture and dual-density soft grip on the face reduces skin marks while ensuring a water-tight seal for focused performance.

AVAILABLE FOR: VISTA PRO,KAYENNE PRO, KAIMAN EXO, SEAL 2.0

Bi-material frame technology combines exceptional stability with maximum comfort. A semi-rigid exoskeleton protects the lens with an integrated structure, while the ultra-soft Softeril material creates a streamlined, lightweight design.

AVAILABLE FOR: XCEED, KAIMAN EXO.

# ADJUSTABLE NOSE BRIDGE

The adjustable nose bridge ensures a snug, leakfree seal that adapts to any face shape.

AVAILABLE FOR: KAYENNE PRO, XCEED, FASTLANE.

#### **QUICK FIT BUCKLE 2.0**

An integrated rotating buckle attaching the strap to the lens for a quick and efficient fine-tuned fit.

AVAILABLE FOR: DEFY.ULTRA

#### **PIVOTING BUCKLE**

An adjustable, rotating buckle ensures the fit every time for any head shape.

AVAILABLE FOR: VISTA PRO

#### **QUICK FIT**

Easy push button to tighten or loosen your goggles while still wearing them.

AVAILABLE FOR: VISTA PRO, KAYENNE PRO, KAYENNE, VISTA, VISTA JUNIOR

#### **E-Z ADJUST**

Low profile strap allows for precise adjustment. Simply pull the straps back to your desired level of tension for a leak free fit or lift the buckle tabs and pull the goggle forward to loosen.

Innovative mix of performance and long-lasting comfort, we aim to provide triathletes and open water swimmers the best training and race wetsuits.

# MATERIALS

#### **YAMAMOTO**

Durable, lightweight, high-performance Japanese neoprene feels like a second skin thanks to maximum elasticity and thermal insulation.

#### **YAMAMOTO 38**

A more compressive version of the Japanese Yamamoto neoprene contours to your body in areas with smaller motion ranges.

#### **YAMAMOTO 39**

The high-elasticity version of Yamamoto neoprene offers a greater range of motion to reduce muscle fatigue while swimming.

#### **YAMAMOTO 40**

The latest generation of Japanese neoprene features improved flexibility for an unlimited range of motion.

#### **Bio Stretch Zones**

2-way stretch for an unlimited and uncompromised range of motion in the water.

#### **Super Composite Skin**

Hydrophobic coating to reduce surface drag for more speed in the water and during transitions.

#### **QUICK RELEASE PANELS**

Increased mid-calf openings make your suit easier to get off for faster transition times.

#### **AERODOME TECHNOLOGY**

Retain water bubbles in air pockets to boost buoyancy and save energy.

#### 2.0 AQUAFLEX 2.0

**AQUAFLEX** Dual-sided SCS neoprene collar to limit water entry and avoid neck chafing. More comfortable than ever.

#### **THERMO GUARD**

More warmth for more time spent at the top of your game.

# RACER.Boost

#### **PERFORMANCE**

>>> Feel the difference and save energy during your race with our best in class triathlon wetsuit, the RACER.Boost. Strategically placed Aerodome Technology provides extra boost of buoyancy for better horizontal positioning in the water and the latest generation of Yamamoto 40 neoprene improves flexibility in the shoulders and back to reduce muscle fatigue. Experience ultimate comfort with the new Aquaflex 2.0 anti-chafe collar, faster transitions with Quick Release Panels and reduced water drag with our SCS Coating.

#### OTHER FEATURES

- SCS Coating: reduced drag and water absorption, greater water glide & increased speed
