## The Human Body Is Made Up of Up to 80% Water

Our water filters turn normal tap water into mineralised alkaline water which greatly increases the body's hydration. The higher pH of alkaline water not only neutralises the body's acidity, it keeps the body healthy.

Our filters are specifically designed to eliminate dangerous contaminants and nourish it with all the necessary nutrients to turn them into alkaline water. Our filters are guaranteed to make your water taste silky and truly refreshing.

## Remove Up To 98% of Contaminants

Our natural alkaline water system uses a proprietary process to remove up to 98% of contaminants. Our industry leading water filtering process includes the use of natural coconut shell activated carbon & ion exchange resin to remove:

- 1. Suspended solids like sand, dust, and rust
- 2. Pesticides and endrin
- 3. Residual water pollutants
- 4. Organic contaminants
- 5. Free radicals
- 6. Chlorine, chloramine, and fluoride
- 7. Copper, lead, aluminium, cadmium, and mercury
- 8. Bad taste and odour
- 9. Water harshness

## Increase pH Levels, Minerals & Antioxidants

Only the best alkaline water system adds this many health benefits to your everyday drinking water. Our water filters increase:

- 1. pH levels to 7.4 - 8.5
- 2. Alkalinity
- 3. Antioxidants
- 4. Ionised water
- 5. Minerals
- 6. 20+ trace elements
- 7. Water taste and smell
- 8. Water softness

Make Your Water Earthly.
