PRE WAXING TREATMENTS

Enhance your waxing experience.

Natural Look professional support products are made with the same high quality methods as its waxes. We have treatments for before, during and after waxing, allowing for waxing to be as soothing as possible.

Containing organic active ingredients and natural oils to keep freshly waxed skin cool, fresh and hygienic, calming skin irritation and maintaining skin softness and youthful appearance.

NUMBING SPRAY

Pre-treatment preparation

DESENSITISE

Contains soothing Peppermint Oil

A mild desensitising spray formula using key ingredients to provide a mild numbing action. Containing natural Essential Oils of Peppermint, Witch-Hazel, Liquorice Root Extract, Aloe Vera and Benzalkonium Chloride, helps reduce the pain associated with all hair removal treatments with the added benefit of reducing the risk of follicle and skin infection.

ACTIVE INGREDIENTS:

Peppermint Oil, Wintergreen Leaf Oil, Witch-hazel, Licorice Root Extract, Bearberry Leaf Extract, Patchouli Oil & Aloe Vera.

125ML

PREPARE

Pre-wax treatment

CLEANSE AND PROTECT

Enriched with Vitamin E

A light antiseptic cleansing and sterilising lotion. Guarantees maximum protection for both client and technician when applied prior to beauty treatments.

Before applying any Natural Look Wax, always prepare your client's skin with Natural Look Prepare to gently remove surface oils, bacteria and make-up, leaving the skin hygienically cleansed whilst re-balancing the pH level of the skin and tightening pores to maximize your waxing results.

Prepare can also be used after waxing, to cleanse the skin and to help close the hair follicles.

MIMAZ

ACTIVE INGREDIENTS:

Ethanol, Vitamin E & Chloroxylenol.

depil hair

ingrown eliminator & hair reduction

Depil Hair Ingrown Eliminator range is designed to prevent and eliminate ingrown hairs or associated bumps on the skin related to waxing, shaving, tweezing, laser, IPL/VPL and other forms of epilation. A special blend of natural conditioners assists the skin by reducing ingrown hair leaving it feeling smooth and silky soft.

Depil Hair Post Depilatory Treatments are specially formulated for post depilatory hair reduction. Enriched with a unique blend of natural ingredients, which work in synergy to reduce the growth rate and density of unwanted superfluous hair.

- For men and women.
- · Sulphate & paraben free.
- Natural antioxidants.
- · Plant based ingredients.
- 100% essential oils.
- · Cruelty free.
- Vegan friendly.
- · Hypo-allergenic.

NATURAL PAPAYA EXTRACT

Depil Hair key ingredient is the natural Papaya Extract, renowned for its active constituent 'papain', a proteolytic enzyme that hydrolyse protein structures into smaller compounds, inhibiting the efficiency of cellular regeneration, resulting in a slower and sparser hair growth rate.

The natural pure plant herbal extracts used in Natural Look's Depil Hair products are cold filtered and developed specifically for cosmetic use as a result of this meticulous production process, the extracts remain in their purest form to provide maximum results.

NATURAL LOOK ETHOS

Natural Look has a proud history of being a South Australian owned and operated company, bringing with them over 60 years of industry knowledge and experience in hair care and beauty treatments.

Started in the early 1950s by qualified hairdresser and beautician Arturo Taverna with market-leading salons in the city of Adelaide, Australia, the business has grown to what it is today and is still family owned and run.

Natural Look products are made with natural, organic plant-based ingredients and formulated using only the finest ingredients including Pro-Vitamins, Quality Herbal Extracts and Essential Oils, making them not only a sheer pleasure to use but also sure to give results that will delight.

Natural Look Australia is committed to reducing our impact on the environment. In 2020 we initiated a Clean Energy Project, installing a 200kW Solar System, powering through 4 Invertors.

Natural Look premises now proudly houses 600 Solar Panels to capitalize on the greatest, most sustainable energy resource on the planet, sunlight, providing the company with between 50-80% of its daily consumption of energy from renewable clean sources, greatly reducing our carbon footprint and in turn our overall impact on the environment.
