AUSTRALIAN MADE AND OWNED

Natural Look Australia is Artav Australia's most influential brand and represents the best of our mission: to deliver the purest, high quality standard products, to be environmentally safe and cruelty free, at competitive prices, globally.

Started in the 1950s by qualified hairdresser and beautician Arturo Taverna with market-leading salons in the city of Adelaide, Australia, the business has grown to what it is today and is still family owned and run.

ORGANIC INGREDIENTS

Natural Look products are formulated using on the finest, natural, organic plant-based ingredients including Pro-Vitamins, Quality Herbal Extracts and Essential Oils, making them not only a sheer pleasure to use but also sure to give results what will delight.

CRUELTY FREE & VEGAN FRIENDLY

Artav Australia believes that all life is precious. That's why we are against any form of animal testing and all Natural Look products are totally cruelty free, because innocent animals should never pay the price for our beauty and feeling good.

Natural Look do not use any animal derived ingredients in the manufacture of its products. The complete range is proudly cruelty free and vegan friendly.

ENVIRONMENTALLY SUSTAINABLE

Natural Look products contain no ingredients that may harm or deplete the planet's natural resources. All products are 100% environmentally friendly and are made with natural; organic plant-based ingredients in recyclable packaging.

Our manufacturing practices are environmentally responsible and our goal is to deliver the purest product that is good for both the environment and for you.

100% NATURAL, ORGANIC DHA & ERYTHRULOSE

Combining the active ingredients of 100% Natural, Organic DHA & Erythrulose, Summer Kiss delivers a beautiful faux tan. The result is a deeper more even colour tone while the skin stays consistently more hydrated. DHA & Erythrulose interact with the surface cells in the epidermis to darken skin colour and simulate a tan.

CENTELLA ASIÁTICA

Summer Kiss contains Natural Centella Extract, commonly known as Centella or Gotu Kola, which has great anti-aging, anti-cellulite properties and improves the skin's texture and feel. Vitamin E acts as an anti-oxidant which helps protect the skin's cells. Summer Kiss is also formulated with Aloe Vera and Argan Oil, helping to soothe the skin. These three important ingredients help improve the longevity and feel of the tan on the skin.

Why is it so beneficial for the skin?

Centella stimulates collagen production, repairs skin tissue and increases skin elasticity, all vital components of maintaining youthful skin. Collagen is absolutely essential for a youthful complexion. Centella Asiática is rich in Amino Acids, Beta Carotene, Fatty Acids and Phytochemicals.

PROFESSIONAL TANNING

SUMMER KISS PROFESSIONAL SOLUTIONS

Summer Kiss Tanning Solutions are compatible with all tanning application equipment on the market. Having a brown base, the natural bronzing solution has no orange undertones.

FAST ACTING TANS - 1HR, 2HR & ORIGINAL FORMULAS.

- » All natural ingredients.
- » Exclusive powerful bronzers.
- » Cool Ash, Caramel, Chocolate and Violet tones.
- » Free from sulphates and paraben.
- » Contains 100% natural and organic DHA and Erythrose, Aloe Vera and Skin Firming Centella.

●● HOW TO USE

For best results, skin should be exfoliated and free from any cosmetics, oils or moisturisers. Apply Summer Kiss Professional Tanning with a medium pressure setting and adjust to suit your requirements. Spray an even application and if a more intense result is required a second spray can be applied. If beading occurs on the skin, simply wipe off any excess by buffing lightly with a small towel. Finish by drying off the client using the warm air from the hose of the machine.

Depending on your choice of solution, for a lighter depth of colour it is recommended to not bathe for approximately 1-2 hours. For maximum depth of colour do not bathe for approximately 5-6 hours. The tan will continue to develop and deepen in colour over the next 24 hours.
