## LUNA

New 48" diameter table in solid Caviar and Wheat bamboo.

GREENINGTON

#### SONOMA DINING

Crafted in solid Amber bamboo, Sonoma's reverse-beveled top

balances on a sculptural base providing excellent legroom and stability.

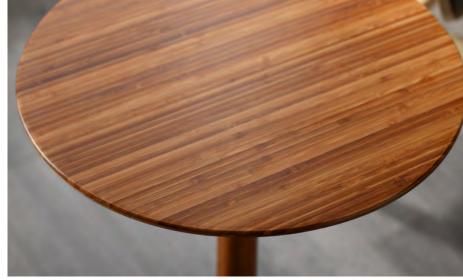

Leif's artisan crafted, twisted paper cord seat is woven across a sustainable solid Wheat or Caviar bamboo frame.

## SOL

Modern and minimal, the Sol Trifecta in Amber, Wheat, and our new Caviar solid bamboo.

#### SONOMA BEDROOM

Luxury scaled, and available by container only, Sonoma is craftsman built in solid bamboo with accents in Exotic Tiger.

#### SONOMA BEDROOM

Sonoma casegoods are luxury scaled, with accents in Exotic Tiger. Available by container only.

#### Spring Lookbook 2023

Crafted in both Caviar and Wheat solid bamboo, skilled craftsmen fit expertly engineered sections of bamboo to create Hanna's modern curves. Hanna's gently slim curved seat is made in solid Wheat bamboo or neatly upholstered in top-grain leather.

#### HANNA DINING CHAIR

#### Spring Lookbook 2023

## CURRANT

Finished on all four sides, Currant's solid bamboo drawer boxes are finished inside and out, using English dovetail joinery, and soft closing, under mount drawer glides.

#### Spring Lookbook 2023

#### ANTARES

Two-tiered design features generous tabletops doubling display and storage space. Hand finished edges show off gorgeous joinery, creating a simple but elegant floating tabletop.

GREENINGTON

#### STUDIO PLUS

Modern and versatile, Studio Plus home office is crafted in solid Amber Bamboo. Both leaning and metal shelving include solid bamboo shelves stacking five high for tons of storage.

#### SANTA CRUZ

Santa Cruz highlights a contrast of colors and materials for a casual and sophisticated look. Modern lines and upscale style contrast sleek black accents with solid Wheat bamboo.

#### ERIKKA DINING

Two self-storing butterfly leaves extend to 94" or 110" inches. Easy to operate with one person, the leaves fold to store neatly under the tabletop.

#### WHY CHOOSE BAMBOO

#### • FAST GROWING

Grows to harvestable maturity in 5 years or less.

- RAPIDLY RENEWABLE
   Replenishes itself faster than other wood materials.
- SELF PROPAGATING No need to replant, roots left intact to grow next season.
- CARBON SEQUESTRATION
   Bamboo among the most efficient CO2 absorbers.
- RELEASES OXYGEN
   Bamboo produces about 35% more oxygen than trees.
- LOCAL FARMERS Locally owned and managed within close proximity.
- NATURALLY FARMED Without the use of pesticides, fertilizers, or irrigation.
- HAND HARVESTED

No heavy equipment is used, leaving forest floor intact.

#### • ZERO WASTE

Entire bamboo culm is used, wasting nothing.

• ENVIRONMENTALLY SAFE

Low VOC, natural finish using only heat, steam & pressure.

• SUSTAINABLE ALTERNATIVE

To many endangered hardwoods around the globe.

## go with bamboo live with sustainability

#### WHY CHOOSE GREENINGTON

### 20 years

• Over 20 years experience

manufacturing bamboo products

- Over 1 million Sq. Ft. of dedicated production
- ISO 9001 Quality Management Certified
- ISO 14001 Environment Management Certified
