cut on dashed line

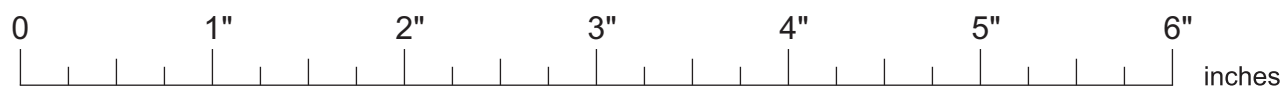

IMPORTANT NOTE BEFORE PRINTING THIS SHEET:

We ask that you save this PDF file to your computer and then print it directly from Adobe Acrobat. Some internet browsers will scale the image down if printed directly from the browser.

Please be sure that your printer scaling is off so this sheet will print to actual size. You can verify that this sheet was printed to actual size by placing a real ruler along side the printed ruler shown in Figure 2. The measurement lines on both the real ruler and the printed ruler below should line up EXACTLY.

Figure 2

Place a real ruler next to this printed ruler to verify it was printed to actual size. The measurement lines should exactly line up with each other.
