S-TRIBE™
SPECIFICATION

portman® lights

MAGICAL POWERS

▶ **5 strong LED light sources**

tungsten emulation
smooth dimming
nice and warm on low values
strong and blinding on higher values

▶ **10 LED RGBW strips**

saturated colours
smooth colour mixing and dimming
separate control

▶ **Auto Orientation™**

automatic change of channel orientation
TOP ⇅ BOTTOM   LEFT ⇄ RIGHT

▶ **Quick Joint System™ [QJS™]**

Quick system of joining fixture to fixture,
base, hanging adapter and other brackets

TECHNICAL DATA

Dimmensions (height x width x depth)	Weight
118cm x 15cm x 18cm	**8kg**
46.5in x 5.9in x 7in	**17.5lbs**

Rigging
• 2 x 12 mm (1/2 in) holes for clamp on back
• base (included)
• adaptor (included) with 12 mm (1/2 in) hole for clamp and/or base [QJS™]

Input voltage	Power consumption
100-240V 50Hz/60Hz	**max 280W**

Power connector	Control connector
PowerCon TRUE1 power through	**• 5 PIN XLR (both: in & out)**
	• Art-Net (in)

Light sources	Colour temperature
• 5 x LED dim to warm white	**• 1600-3200K**
• 10 x RGBW strips	**• RGBW**

CRI	Optics
>90	**• High reflective hammered reflector**
	• Opal diffuser

Control freatures	User interface
• 6 DMX modes (12-97 Ch)	**• High-contrast LCD display**
• Art-Net	**• Highlighted buttons**
• RDM	
• macros	
• W-DMX (optional module)	

IP rating	What's in the box
IP20	**• Fixture • Power cord (PowerCon - no plug)**
	• Base • Adaptor for a hook or a base [QJS™] • User manual

15cm (5.9in)

118cm (46.5in)
