The Wand tonearm from New Zealand sounds stupidly great...  
*Michael Fremer (USA)*

The Wand certainly pulled something wonderful out of the hi-fi hat... letting you get lost in music. *HiFi Choice #363 (UK)*

*Stereoplay* (Germany) Summary of the Wand Plus; Sound; Absolute top class Performance/Price; Exceptional

We agreed the Wand actually overtakes the Ittok on all parameters  
*Hifi & Musik Magazine* (Sweden) Linn LP12s test
