Sun Rayz Sunglasses is a leader in high quality cost effective eyewear. We import sunglasses directly and pass the saving through to our customer. Our primary goal is to help our retailers succeed. This approach puts us in partnership and puts the emphasis on how we can help our customer have the best sunglasses program available.

Sports sunglasses could give an edge to athletes at all levels, including those who are always looking for ways to improve their performance in the sports they love while protecting their eyes during their outdoor adventure. Our Sports sunglasses have specialized lenses made up of polycarbonate materials that are more durable, sturdier, and safer for the eyes during the physical activity. These sunglasses are impact-resistant that can be used for swimming, cycling, mountain biking, and other activities.

Sun Rayz Sunglasses is a leader in high quality cost effective eye-wear. We import sunglasses directly and pass the saving through to our customer. Our primary goal is to help our retailers succeed. This approach puts us in partnership and puts the emphasis on how we can help our customer have the best sunglass program available. These are some company objectives that we focus on to better serve our customers:

1. We invest our time into working with our customers to get as much feedback as possible on designs, trends, and sell-through to always improve your product selection and ROI..
2. We focus on inventory planning and work continuously to balance our new styles with the cornerstone styles so when you need product you can get new styles as well as knowing your mainstays will be available.
3. We maintain order processing within one business day so your product gets to you when you need it.
4. We strive to serve our customer by providing flat style based pricing. Instead of adding for some of the features of glasses (rhinestones, mirror lenses, spring temples, etc). We know most customers will sell a class of glass for a set price so to eliminate confusion and provide all types of glasses we keep our pricing standardized.

If you have not worked with us before we invite you to give us a try and let us prove our dedication to our customer. If you are a current customer we are ever appreciative of the opportunity you have provided us and look forward to serving you in the future.
