

RING SIZING CHART

PRINTABLE A4 SIZE CHART.

FOR ACCURACY ENSURE THAT THE PDF IS PRINTED AT 100%

THE PAPER TEST

Print and carefully cut out the paper ring sizer below. Create a slit in the paper by making a small cut on the line labeled 'size'. Slip the pointed end through the slit, creating a circle. Place the paper sizer around your finger and pull the pointed end to create a snug fit.

THE RING TEST

Print our chart of ring size circles. Find a ring that you wear and place it on top of the same sized circle. The match should perfectly fit inside on the ring.
