ANIME

Anime, that awesome mix of hand-drawn and computer-generated 2D magic, is like a burst of colour and imagination straight out of Japan. It's got this funky, stylized art and takes you to wild, fantastical places.

Started way back in the 19th century, anime didn't hit the big pop-culture scene until the late 20th century. But once it did, there was no turning back. Every year, more folks jump on the anime bandwagon, making it a cultural force. The word "Anime" is basically short for "Animation" in Japan. They use it specifically for all the cool animated stuff made in Japan—basically, most of the good stuff!

Here at Pyramid, anime is our jam. We've got a smorgasbord of goodies from the likes of Dragon Ball Z, My Hero Academia, Yu-Gi-Oh!, One Punch Man, Robotech, Death Note and Attack on Titan. Let's not forget the big buzz in 2023—Netflix dropped a live-action One Piece, and fans went bananas. Whether you're an old-school anime buff or just jumping in, Pyramid's the place to be.

So, kick back, grab your favourite anime snack, and ride the wave with us. 2024 is looking even more colourful and exciting for anime fans, and we're here for it!
