Looking Fly

These delicate necklaces feature tiny creatures with great meaning: The rose gold ladybug symbolizes luck; the gold butterfly, grace; the silver bee, hope. Each one is cute as a bug. **(Luck Ladybug, Princess Butterfly, and Seasons Bee necklaces, originally from \$148 each, now 20 percent off with code OPRAH; alexwoo.com)**

New Scent-sation

This paraben-free fragrance is packed with insect-repelling magic minus the harsh chemical aroma. Spritz it on, rub it in, and enjoy the smell of spicy cardamom, cedarwood, and spruce. **(Aromaflage Wild, originally \$30 for ten milliliters and \$65 for 50 milliliters, now 20 percent off with code OPRAH; aromaflage.com)**

Fleur Plan

Whether you use them to support your knees while gardening or as nifty seat pads while picnicking, these blooming faux-leather cushions will be anything but wallflowers. **(Laura Ashley garden kneelers, \$18 each; osh.com)**

High Stakes

If you're trying to organize your harvest or just slay a few vampires, these cedarwood garden and herb markers get the job done. The retro labels are sprayed on with UV-protected ink (read: no fading), so you can keep your mint and basil separate for all eternity. **(Originally from \$5 each, now 20 percent off with code OPRAH; daydreamhq.com)**

Glove Story

Even at your grubbiest, you can have a Holly Golightly moment in these nearly elbow-length gardening gloves. The superfine mesh (13 inches' worth) keeps insects at arm's length. **(Womanswork tick and bug blocker gloves, originally \$29, now 20 percent off with code OPRAH; shopterrain.com)**

Petal to the Metal

Give this bold, cheery mirror designed by Margherita Missoni to the little one in your life—or keep it and up your #mirrorselfie game. **(Margherita Missoni for Pottery Barn Kids yellow daisy mirror, \$199; potterybarnkids.com)**

Faster than a Speeding Bullet

Most veggies are zero Weight Watchers points, so no wonder Gayle fell hard for this ingenious three-in-one gadget (plus recipe book) that lets you slice, shred, and spiralize in seconds. Talk about blades of glory. **(Veggie Bullet, \$150; bedbathandbeyond.com)**
