about our cover...

Our cover "Angel" this issue is three year old Savannah Rose Richardson (Savvy). She has been diagnosed with Laryngeal Cleft Type 3, Tracheomalacia, and Bronchomalacia.

She is very determined and has an ASL vocabulary of over 300 words. Savvy has just started preschool and loves it. In addition, she loves Super Mario and even loves sharks. While we are not sure what she wants to be when she grows up, it will probably involve something that includes the water, swimming, and helping people.
