Directions for setup: Print and laminate all pages. Keep the pages for each score together. Cut out pieces and cards. Put soft velcro on the back of the pieces. Put two or three pieces of hard velcro in the large empty box on the card. Store the pieces on the back of the card by putting extra velcro pieces there. Store in a bin or baggie. Use labels below. Label the outside of the bin with the name of the task, put the Directions for Use on the inside cover of the bin, and use the small label on the side of the bin (if needed). This task takes up more room so there are two sets of labels in case you need two bins.

Labels:

B20 - Delayed Replication of a Sequence (score 1 & 2)	**B20 - Delayed Replication of a Sequence (score 1 & 2)**
