Unit I Curriculum Map

Reading Comprehension

	Unit Focus Topics	Unit Details
Unit I	– match words with different non-examples – first letter – listening comprehension with food vocabulary – hold book	The goal of this unit is to match words that are in a field with very different non-examples. This unit also teaches identifying the first letter in a word. The listening comprehension set is food vocabulary. Students will work on comprehending and demonstrating their comprehension of vocal language. The book skill of this unit is holding a book the right way independently
Unit 2	– match words with similar non-examples – last letter – listenin...	The goal of this unit is t... diff...

I. Circle the match:

they

| they | and |

boy

| do | will |

dog

| one | mine |

Unit I Rubric & Grading Instructions

Name: _____ Date: _____ (circle one) Pre-test   Post-test

	correct	incorrect	total possible
I. Find the matching word. Count each word as correct if only the correct match is circled and nothing else.			8
2. Circle the first letter in each word. Count each word as correct if only the correct letter is circled and no other letters are circled.			q
3. For listening comprehension, read the quote box out loud to the student. Student may indicate the answer to the question by saying the correct answer or pointing to the correct picture. Count as correct if the correct answer is said/pointed to within 3 seconds.			2
4. Book skill: Hold a book independently. Select a short book with preferred topic. Hand the book to the student. Read the book out loud. The adult will turn the pages. Score 5 if student holds book with no prompts for 3 or more minutes. Score 3 if student holds book with less than 2 prompts for 3 or more minutes. Score I if student requires physical prompts for most of the 3 or more minutes. Score of 0 if student will not sit with book for 3 or more minutes.			5
	total correct	total incorrect	

total correct divided by total possible times 100

Analyzing the Errors:
The pre-test is used as a baseline to see where the student is starting out before any instruction is given. Errors on the pre-test will be addressed through the unit activities. Errors on the post-test indicate that additional instruction or practice is needed. Every student learns at different rates! Here is where this
