Wood Finishes

Respecting the finest English furniture making traditions, we appreciate that the very best furniture deserves the highest quality timbers. Therefore, each piece of our furniture features an interior hardwood frame. A true mark of real quality.

To complement your design scheme, the leg and underframe finishes on your furniture can be specified to perfectly suit your preferences. As well as the nine finishes illustrated here, we're also able to offer timber colour matching, alternative timbers and veneers, RAL powder coating finishes, and upholstered legs.
